

Matching Gifts Letter:

Dear generous donors,

The New England Center for Children thanks you for your donations and greatly appreciates your contributions to our organization. Your generosity is making a great difference in the lives of children with autism and their families, and your support helps us continue our mission of ensuring that these challenged children are able to reach their full potential and grow every day.

Did you know that you could double the impact of your donations without any additional cost to you. How? Many companies in the Boston area, and across the country offer the ability to “match gifts.” Through this, employers match the charitable contributions made by their employees to eligible nonprofit organizations like ours.

There is a high chance that your employer participates in matching gifts, and we would like to ask that you take a few minutes to check if your company is one of the many that matches donations. By simply completing a matching gift form from your company, you might be able to double, or even triple the impact of your donation. Our team at NECC would love to assist you in making this possible, which is why we have attached a URL below to just some of the many companies in the Boston area that match gifts. We have also made resources available on our website to get you started.

Your awareness and action can make a tremendous difference in the lives of the students here at NECC, and will certainly put a smile on many children’s faces.

Thank you once again for your generous support. Please do not hesitate to contact me directly if you have any questions or need assistance with the matching gift process. Your involvement is greatly appreciated.

Best,

Jared Bouzan
